

Great news

I was sitting on my balcony and listening to music. Mum was in the living room, talking on the phone. I had my earphones on. Mum was looking at me and smiling.

She told me great news. I can go to Slovakia with Comenius team! We will spend the whole week there.

I was sooo happy! The excitement made me cry. My family was excited. We went shopping for the trip. I told everybody the news.

Where am I going to be? Maybe that family likes Croatia. I can speak English well. Maybe I can understand some Slovak word.

My dad is a sea captain. He called me on Skype that evening. He was in New York. He did not believe the news! He was proud.

We prepared a gift for my family in Slovakia. Mum made cookies.

I am looking forward to my great adventure!
